## Multifunctional Meeting Room Scheduling Panel

Yealink RoomPanel Plus is a 10.1-inch multifunctional meeting room schedule panel that runs Android 11 and comes with full RGB programmable LED background illumination for immediately visible communication of room status. It includes multi-point touch capability, face recognition camera, built-in NFC/RFID reader, enhanced microphone arrays and speakers to meet the diverse needs of the current office environment. Yealink RoomPanel Plus can act as a stand-alone gateway, connect to meeting room sensors and automatically update meeting room schedules, providing various meeting room management functions. Also equipped with Powerover-Ethernet and various mounting brackets, Yealink RoomPanel Plus could be easily mounted on any surface.

### Key features and benefits

10.1-Inch Multi-Point Interactive Panel: Multi-Point touch capability screen to easily book rooms or check-in/out at RoomPanel Plus.

Face Recognition Camera \*: Enhanced face recognition security and check-in function.

High Visibility LED Bars out Room Status: Full RGB LED bars for immediate all-around visible communication of room status.

Ambient Light & Proximity Sensor Embedded: Environment self-adaptation.

Automatically adjust the screen brightness and automatically wake up the screen.

Various Mounting Methods: Supporting accessories such as no inclination or 20-degree inclination, mullion hangers, 3M glue, etc.

Orientation Optional \*: Easy to mount with portrait or landscape.

PoE or DC Power: Minimalist and flexible installation, keep workspace tidy and modern.

Remote Device Management: Easily monitor, manage, and diagnose by Yealink Management Cloud Server.

WiFi&BLE5.2: Support using the wireless protocol to connect the front-end network and RoomSensor...

RFID & NFC Embedded \*: Enhance ID authorization security and track meeting attendees.

Actions with Occupancy Sensor \*: Actions with the room occupancy sensor, such as automatic release, automatic check-in, etc.

Extensive APP compatibility: Support the integration of third-party APP applications.

\*Subject to the functions of the third-party APP.

## Specifications

| Parameter | Description  |
|-----------|--|
| Basic     | <ul style="list-style-type: none"> <li>• Operating System: Android 11</li> <li>• Power Supply:                             <ul style="list-style-type: none"> <li>- Power over Ethernet (IEEE 802.3af/at)</li> <li>- DC 12V /1.25A</li> </ul> </li> </ul>                                |
| Display   | <ul style="list-style-type: none"> <li>• Size(in): 10.1" LCD Panel</li> <li>• Resolution: 1280x800</li> <li>• Touch Screen: 10 points capacitive multitouch</li> <li>• Contrast: 1000:1</li> <li>• Viewing Angle: ±90°</li> <li>• Anti-Fingerprints: Anti-fingerprint Coating</li> </ul> |
| Sensors   | <ul style="list-style-type: none"> <li>• Ambient Light Sensor</li> <li>• TOF Proximity Sensor</li> </ul>   |
